

Reasons to Join The PVS Board

Have a huge impact on your community!

PVS pulls musicians from towns all over the valley, from Brattleboro down to Connecticut, and reaches thousands of people each year through our concerts and educational programs.

Be a part of planning for the future

This season PVS is launching a strategic planning process, and that's a great way for your skills to have an even bigger impact on an organization—while gaining invaluable leadership and organizational development experience.

Make great connections!

Our diverse board brings together incredible artists and community leaders, and we are looking for you to bring your skills to the table!
